This document consists of two lists:

1. List One is compiled from the Official New South Wales Death Certificate for an Individual, the Heading format is as seen on the Death Certificates, and is different from that in List Two.
2. List Two is compiled from the Chinese listed in the NSWBDM for the Tambaroora and Hill End Registration Districts up to 1918, the Names and Cross Referenced names are as they are shown in the NSWBDM Web Site, some are interred in the Chinese Cemetery but **NOT** all.

NOTE:

Please note that the information relating to an individual's death has been derived from the death certificate. As its accuracy is dependent upon the details supplied by the Doctor and Informant, certain particulars may be incorrect, particularly those concerning the individual's name, place of origin. Other errors may occur in trying to decipher the hand writing of the Registrar of either Tambaroora or Hill End or the Transcriber at the Government Registrar. ALL DETAIL HAS BEEN COPIED EXACTLY AS SHOWN ON THE DEATH CERTIFICATE.

Names in the lists below include the cross referenced names in the NSWBDM using the same Death Certificate registered number.

The only way to confirm who is interred in the Chinese Cemetery would be by the persons death certificate, and that is not guaranteed to tell you. To date no list has been found to confirm who is interred in the Cemetery.

The names below come from the NSWBDM for the registration districts of Tambaroora and Hill End up to 1918 which covered an area of approximately 1200 sq. kms in 1859. Many of the names in this list would have been interred in other cemeteries or were interred where they were found as per newspaper reports of the day.

Blue Bold Text = Mixed Marriages or children of a mixed marriage.

THIS LIST WILL CONTINUE TO EVOLVE AS SOURCE MATERIAL BECOMES AVAILABLE
